SUMMARY

B.Tech Information Technology graduate with hands-on experience in Java, Spring Boot, MySQL, PostgreSQL, and REST APIs. Developed projects including a Hostel Attendance System and YouTube Tag Generator, demonstrating a strong foundation in Software development and object-oriented programming.

EXPERIENCE

Salesforces | Software Engineering Intern

Jun '25 – Aug '25

- Developed cloud-based applications using Apex and Lightning Web Components (LWC).
- Integrated external APIs and automated business processes using Salesforce Flows.
- Worked on CRM customization, data management, and scalable application development.

SKILLS

Languages: Java, C, C++

Frameworks: Spring Boot, REST APIs

Databases: MySQL, PostgreSQL

Developer Tools: Git, GitHub, IntelliJ IDEA, Eclipse, VS Code, Postman

Foundational Tools: Object-Oriented Programming, Data structure

PROJECTS

Hostel Attendance System -Android App

Jul'25- jun'26

- Developed an Android-based Hostel Attendance System using Java and Firebase with role-based access for Admin, Students. Integrated Firebase Realtime Database for real-time attendance updates and secure data management, while designing a user-friendly interface to streamline attendance tracking and reduce manual record-keeping.

YouTube Tag Generator

- Built a web-based YouTube Tag Generator using REST APIs to extract video metadata and enable thumbnail downloads. Designed an intuitive UI to improve user experience and implemented efficient API handling for fast and reliable data retrieval.

Bank Management System

- Designed a Java-based console application that enables users to manage bank accounts and perform core banking operations such as account creation, deposits, withdrawals, and balance inquiries using OOP principles.

EDUCATION

B.Tech Information Technology | Shivaji University, Kolhapur | CGPA: 8.2

Nov'22– May'26

HSC (Science) | Rajendra Mahavidyalaya Khandala

jun'21- Mar'22

- HackerRank Java
- HackerRank SQL
- HackerRank Problem Solving

LEADERSHIP & VOLUNTEERING

- **President**, Information Technology Engineering Students' Association (ITESA)
Led the student association in planning and executing all departmental events, including technical workshops, seminars, and coding competitions
- **Volunteer**, SORT
Led the Mechanical Engineering division of a national-level event, managing a team of 20 volunteers to deliver a successful competition for over 250 participants from across the country.
